Grid Reference: 258192 792908 Distance to nearest turbine: 9186m AOD: 445m

This viewpoint is located approximately 18km west of Laggan.

Travelling north on the A86 towards Laggan, turn left at Laggan opposite the small cemetery, following the signs for Gergask and Garva. Drive along the public road (General Wade’s Military road) for approximately 3.5km where the road will bend sharp left and cross over a bridge over the river. Keep left here, crossing the bridge and drive for another 300m. The road starts to bend to the right. Just as the road bends, look for the forestry track heading off left. Turn left here. Continue along this track for 600-650 metres, afterwhich you will come to an obvious track coming in from the right. Turn right here and park up.

On foot, pass through the gate and up this track before heading off right up into the woods and up to the summit of Dun-da-Lamh.

The camera location is at the summit next to the stone earth works.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
