Grid Reference: 247229 790333 Distance to nearest turbine: 10826m AOD: 1005m

This viewpoint is located approximately 3.5km north of Aberarder and Loch Laggan.

Heading south on the A86 from Laggan you will reach the shores of Loch Laggan on your left. Staying on the A86, continue down the shoreline until you come to the Aberarder parking area on your right, which is approximately half-way down the loch side. Park here.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Carn Liath.

The camera location is at the summit next to the stone cairn.

Extent of 50mm single frame

Photomontage

Viewpoint 15
Carn Liath

Distance to nearest turbine: 8672m

Camera: Nikon D750

Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°)

Camera height: 1.5m

Date: 10/10/2017 10:55

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.

Extent of 50mm single frame

Photomontage showing proposed development and consented Stronelairg development
